NOTE FOR THE FILES

About 10:40 today, [ ] called to say that they had received a call in her office from a Mr. Brady of Senator Church's staff. Mr. Brady was interested in contacting [ ] in the Agency. He asked if [ ] telephone extension could be provided.

Mr. Cary suggested that Karla call [ ] office and have them handle it. In JMC's absence, I discussed with [ ]. After it was determined that Brady was not a member of the Senate Select Committee Staff, we called [ ] and asked if he had any objection to our providing Mr. Brady with his extension. [ ] said he knew a Jerry Brady but did not realize he was on Church's staff, though he was aware that Brady and Church were friends. He had no objection to our giving Brady his agency extension. In closing, [ ] was reminded that should the Brady in question not be his acquaintance, he could call [ ] if he needed any guidance.

I called OLC and told them [ ] did not mind giving his extension. Karla said Mr. Cary would like us to handle. I called Brady (works on National Emergencies Staff) and gave him [ ]. He said thanks....
